Dear Aidan

Please find enclosed a copy of the report for the WRc Approval of the FP McCann Easi-Base range for your comments. Also included are the original WRc Approval Certificates for the three configurations.

If you could let me have any comments you may have I will reissue the report.

The Terms & Conditions for Evaluation and Test Work attached apply to the assessment and approval of these products.

These Approvals will be listed on the WRc Approved website at: www.wrcapproved.com.

The WRc Approvals remain valid for a period of 5 years from issue of the certificate. You will be advised when your product is due for re-assessment.

These Approvals are given on the basis that no modification to the product described above, its components, or change of supplier of any components, shall be made without first notifying WRc and submitting details of the modification and, if so required, samples of the product as so modified for re-assessment. Failure to comply with these conditions will invalidate this Approval and will result in withdrawal of the certificate and any associated entry.

In addition, lapse of any other approval of components, in place at the time of issue of the Approval Certificate, and used in the assessment of this product, will likewise invalidate the Approval.

Your company is charged with the responsibility for implementing sufficient quality control procedures to ensure that the product used in production is in all respects in accordance with the product tested by WRc during the Approval.

These Approvals entitle you to identify these products with the words "WRc Approved (Cert No). The certificate number must always be quoted. Copies of the 'WRc Approved' logo as shown on the certificate are available on request for the purposes of producing artwork.

It is an option for FP McCann to supply WRc with electronic photographs of the products, a short description of up-to 200 words, and an address of their website. This will enable WRc to promote your products, via the www.wrcapproved.com website.

Please feel free to contact me if you have any problems or queries on the above.

Yours sincerely

Kevin Adams
